- Diabetes
- Obesity

- Headaches
- Depression
- Decreasing life expectancy

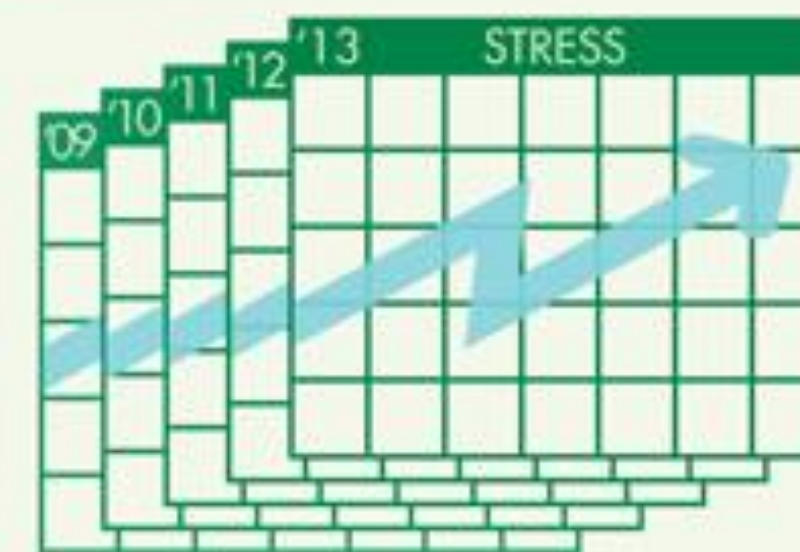

10 great deal of stress

ADULT STRESS LEVELS CONTINUE TO INCREASE

36%
SAY THEIR STRESS HAS
INCREASED IN THE PAST YEAR

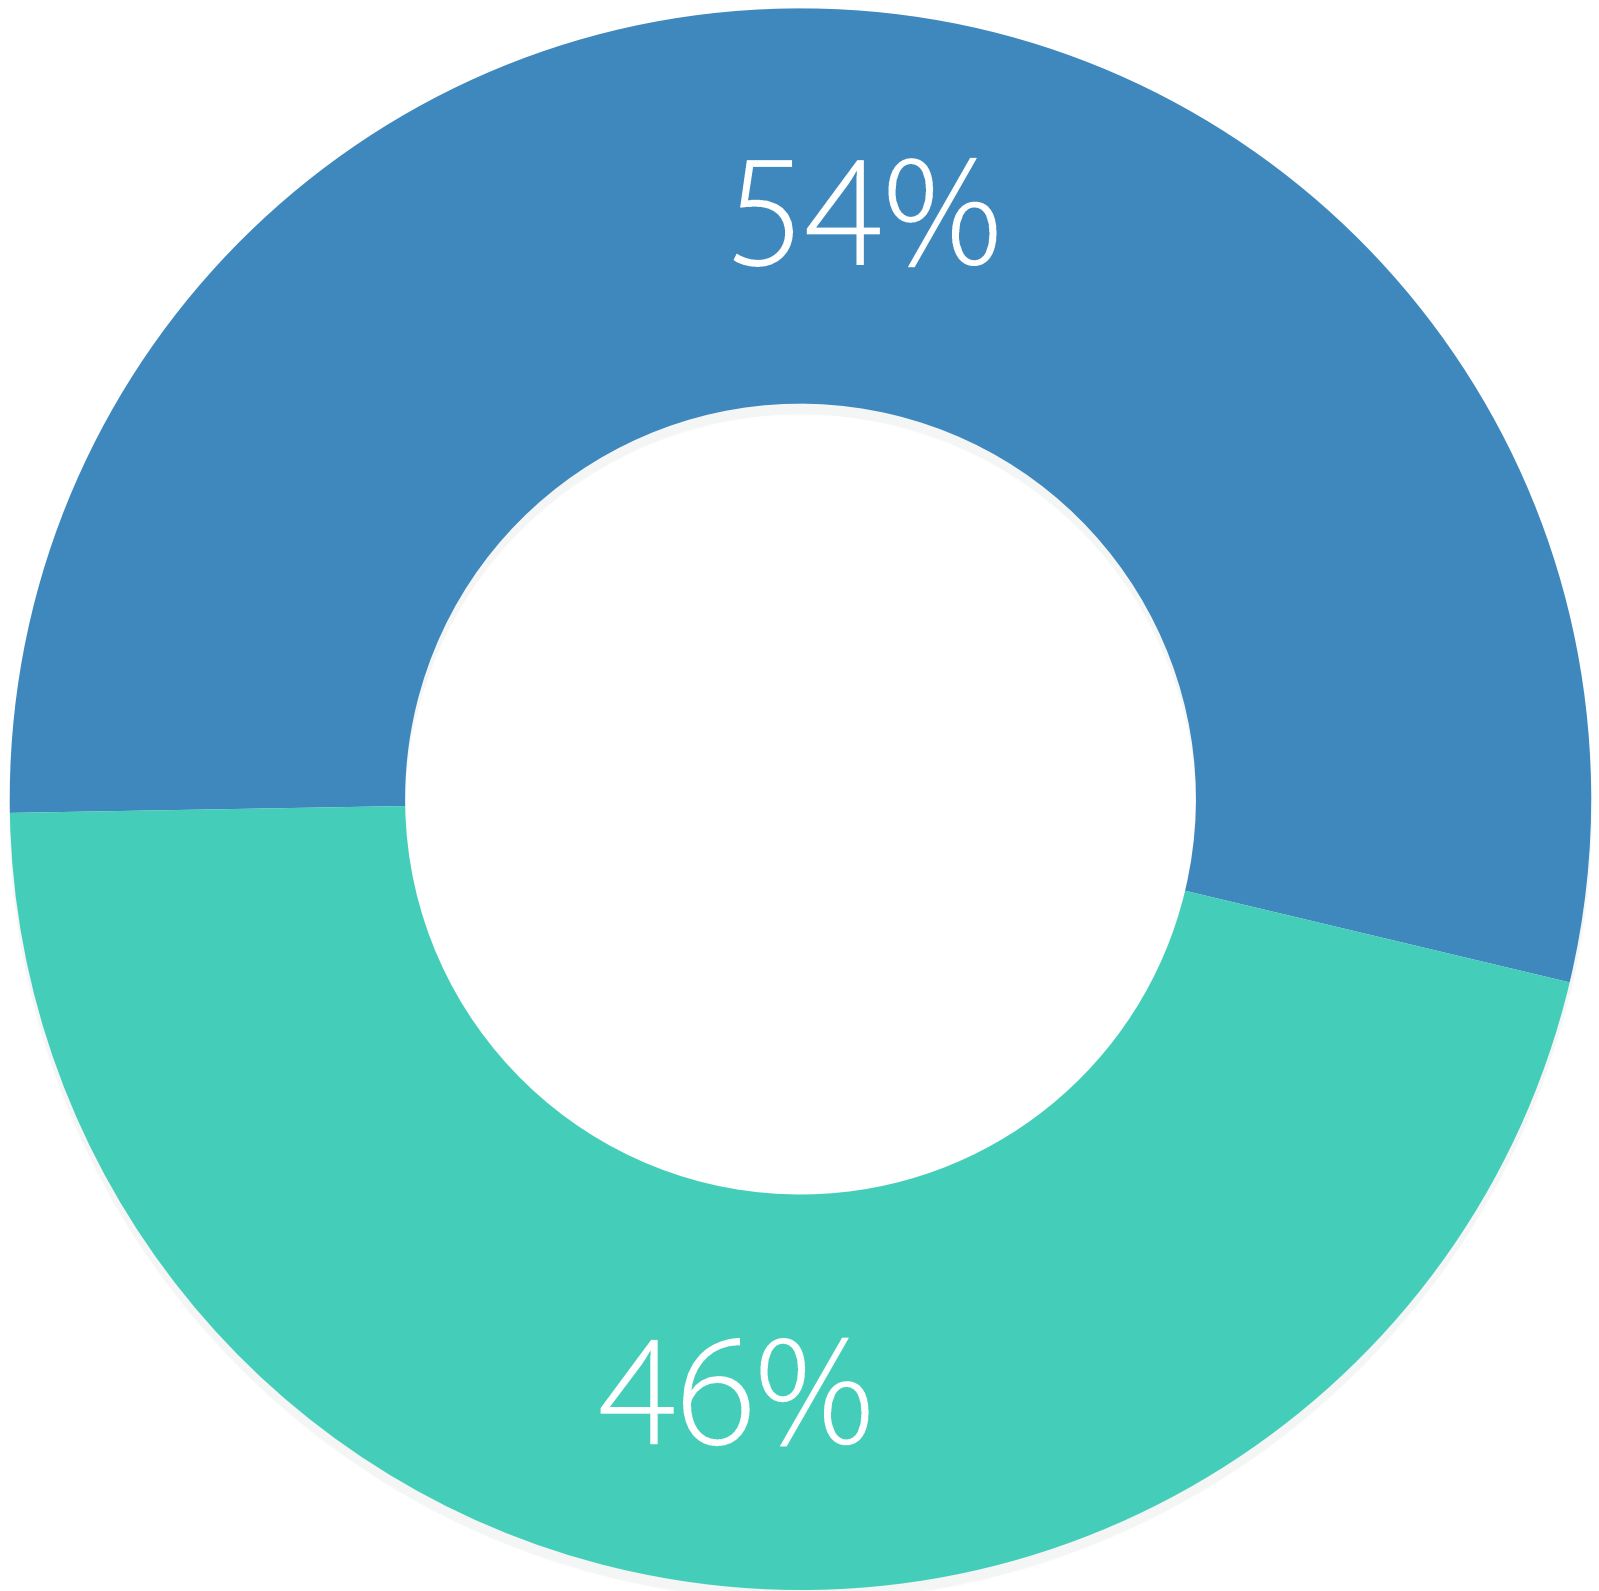

42%
SAY THEIR STRESS HAS
INCREASED OVER THE PAST
5 YEARS

THE AMOUNT OF STRESS IS INCREASING

54% of the world population lives in the cities

■ lives in the cities

ZERO GRAVITY

City without stress

THE SOLUTION EXISTS!

Floating, 1 hour

Highly-efficient rehabilitation environment

HIGHLY-EFFICIENT REHABILITATION ENVIRONMENT

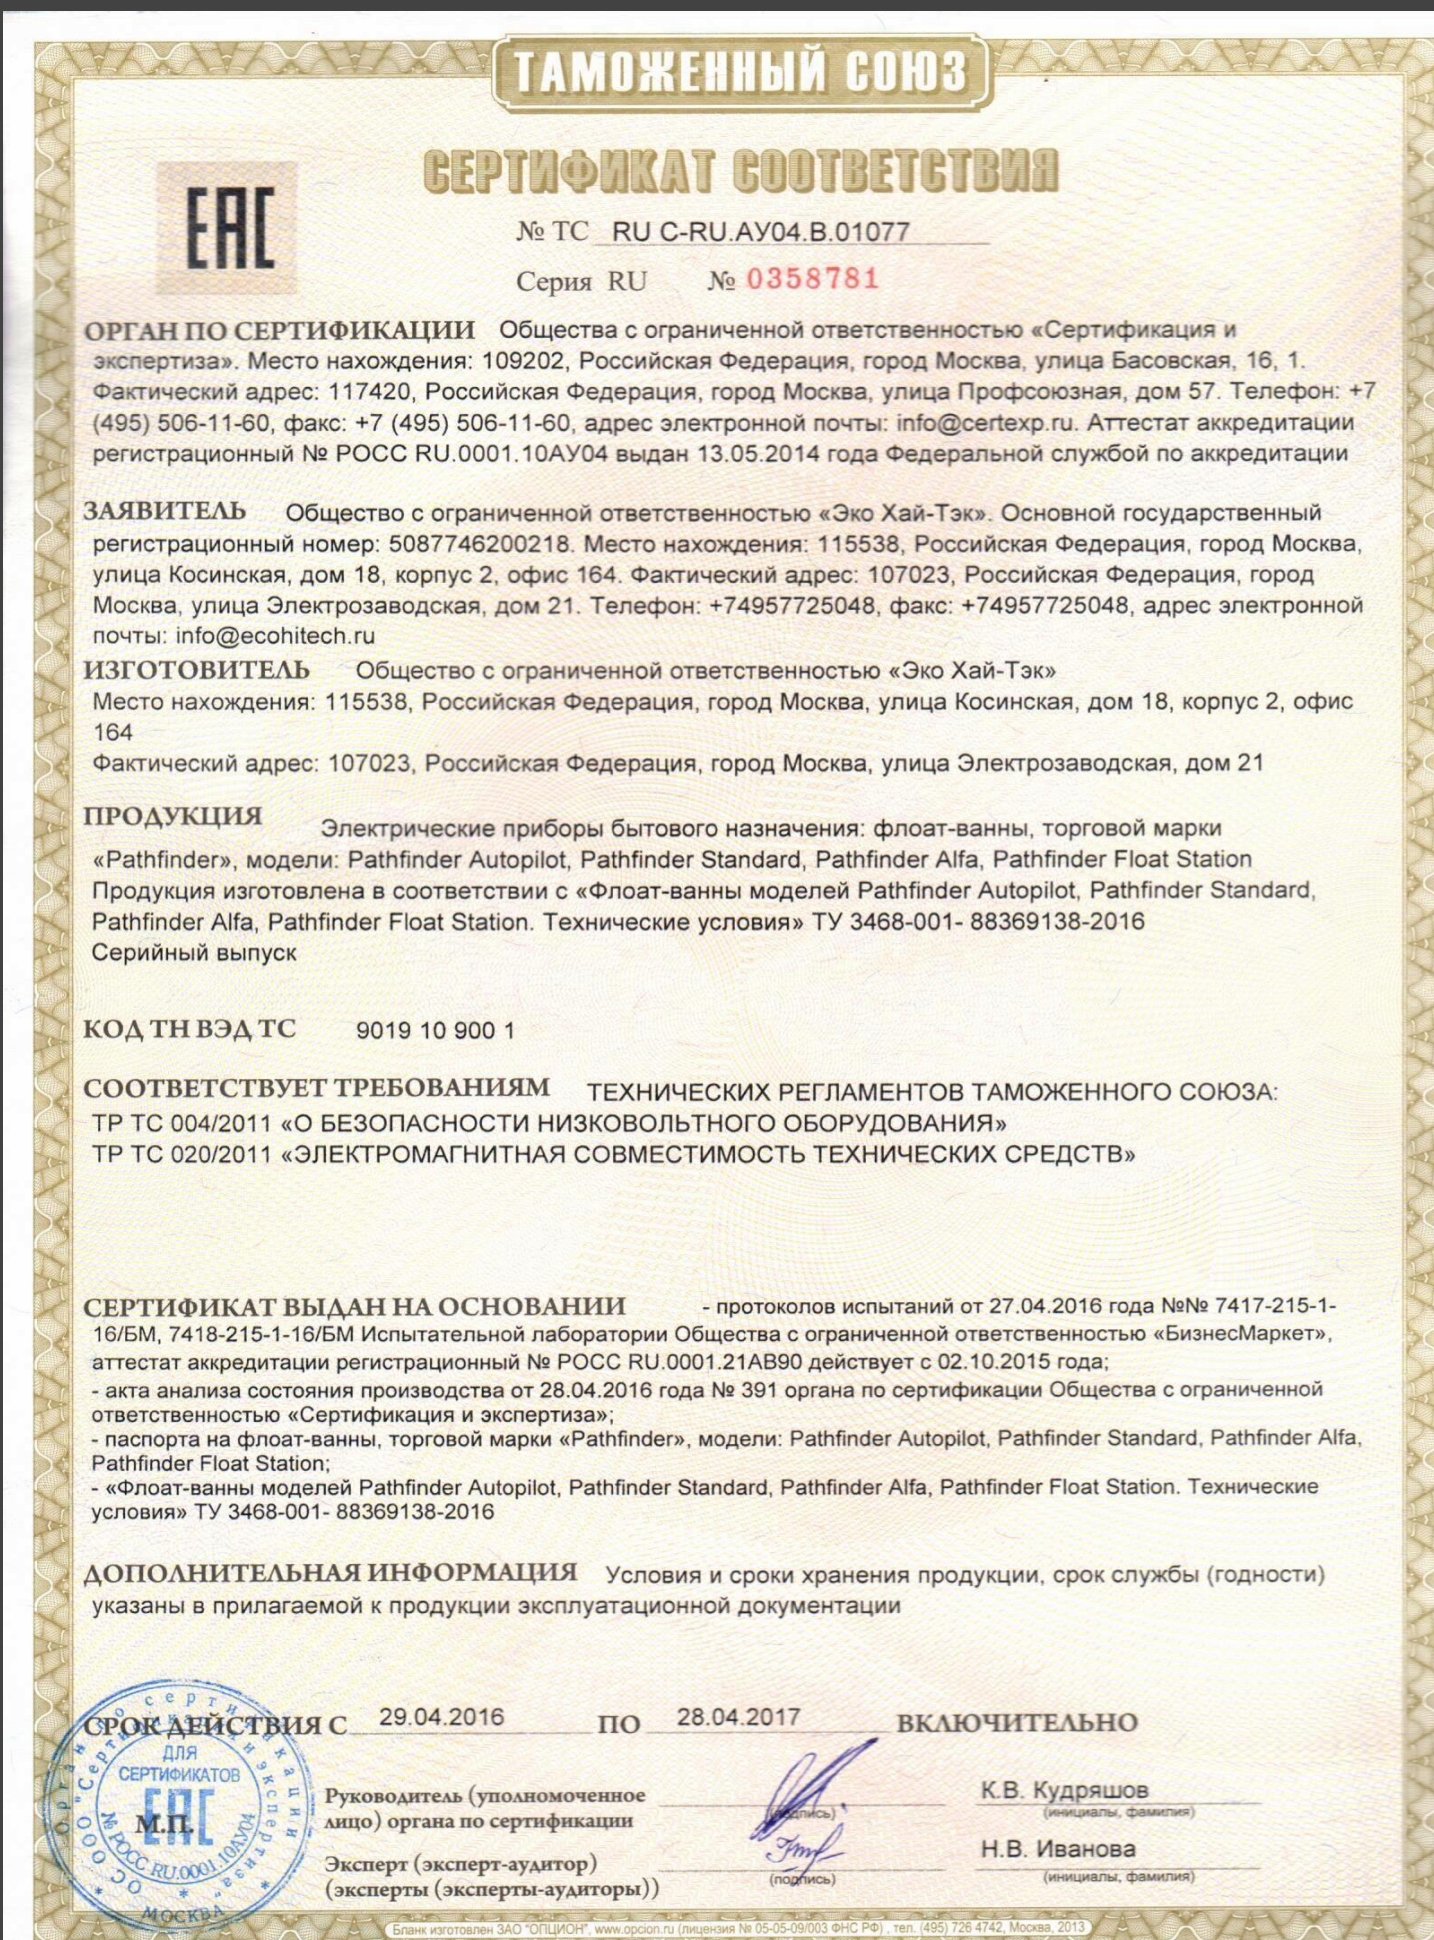

Weightlessness

Sensory deprivation

Information and sensory
overload relief

Body tension and stress relief

ACHIEVEMENTS

INSTALLED AND USED

in State Organization "Russian Scientific Center of Medical Rehabilitation and Health Resort», Russian Ministry of Health

REPORT

At the Russian Ministry of Health Congress

TREND OF THE YEAR

According to Moscow's top magazine "Afisha"

Our own equipment production facility

Three public centres opened

over 10,000 customers

14 floatation tanks installed in private and public locations in Russia and Kazakhstan

15 TV feature programs and 20 magazine articles

HIGH PROFITABILITY

ANNUAL TURNOVER

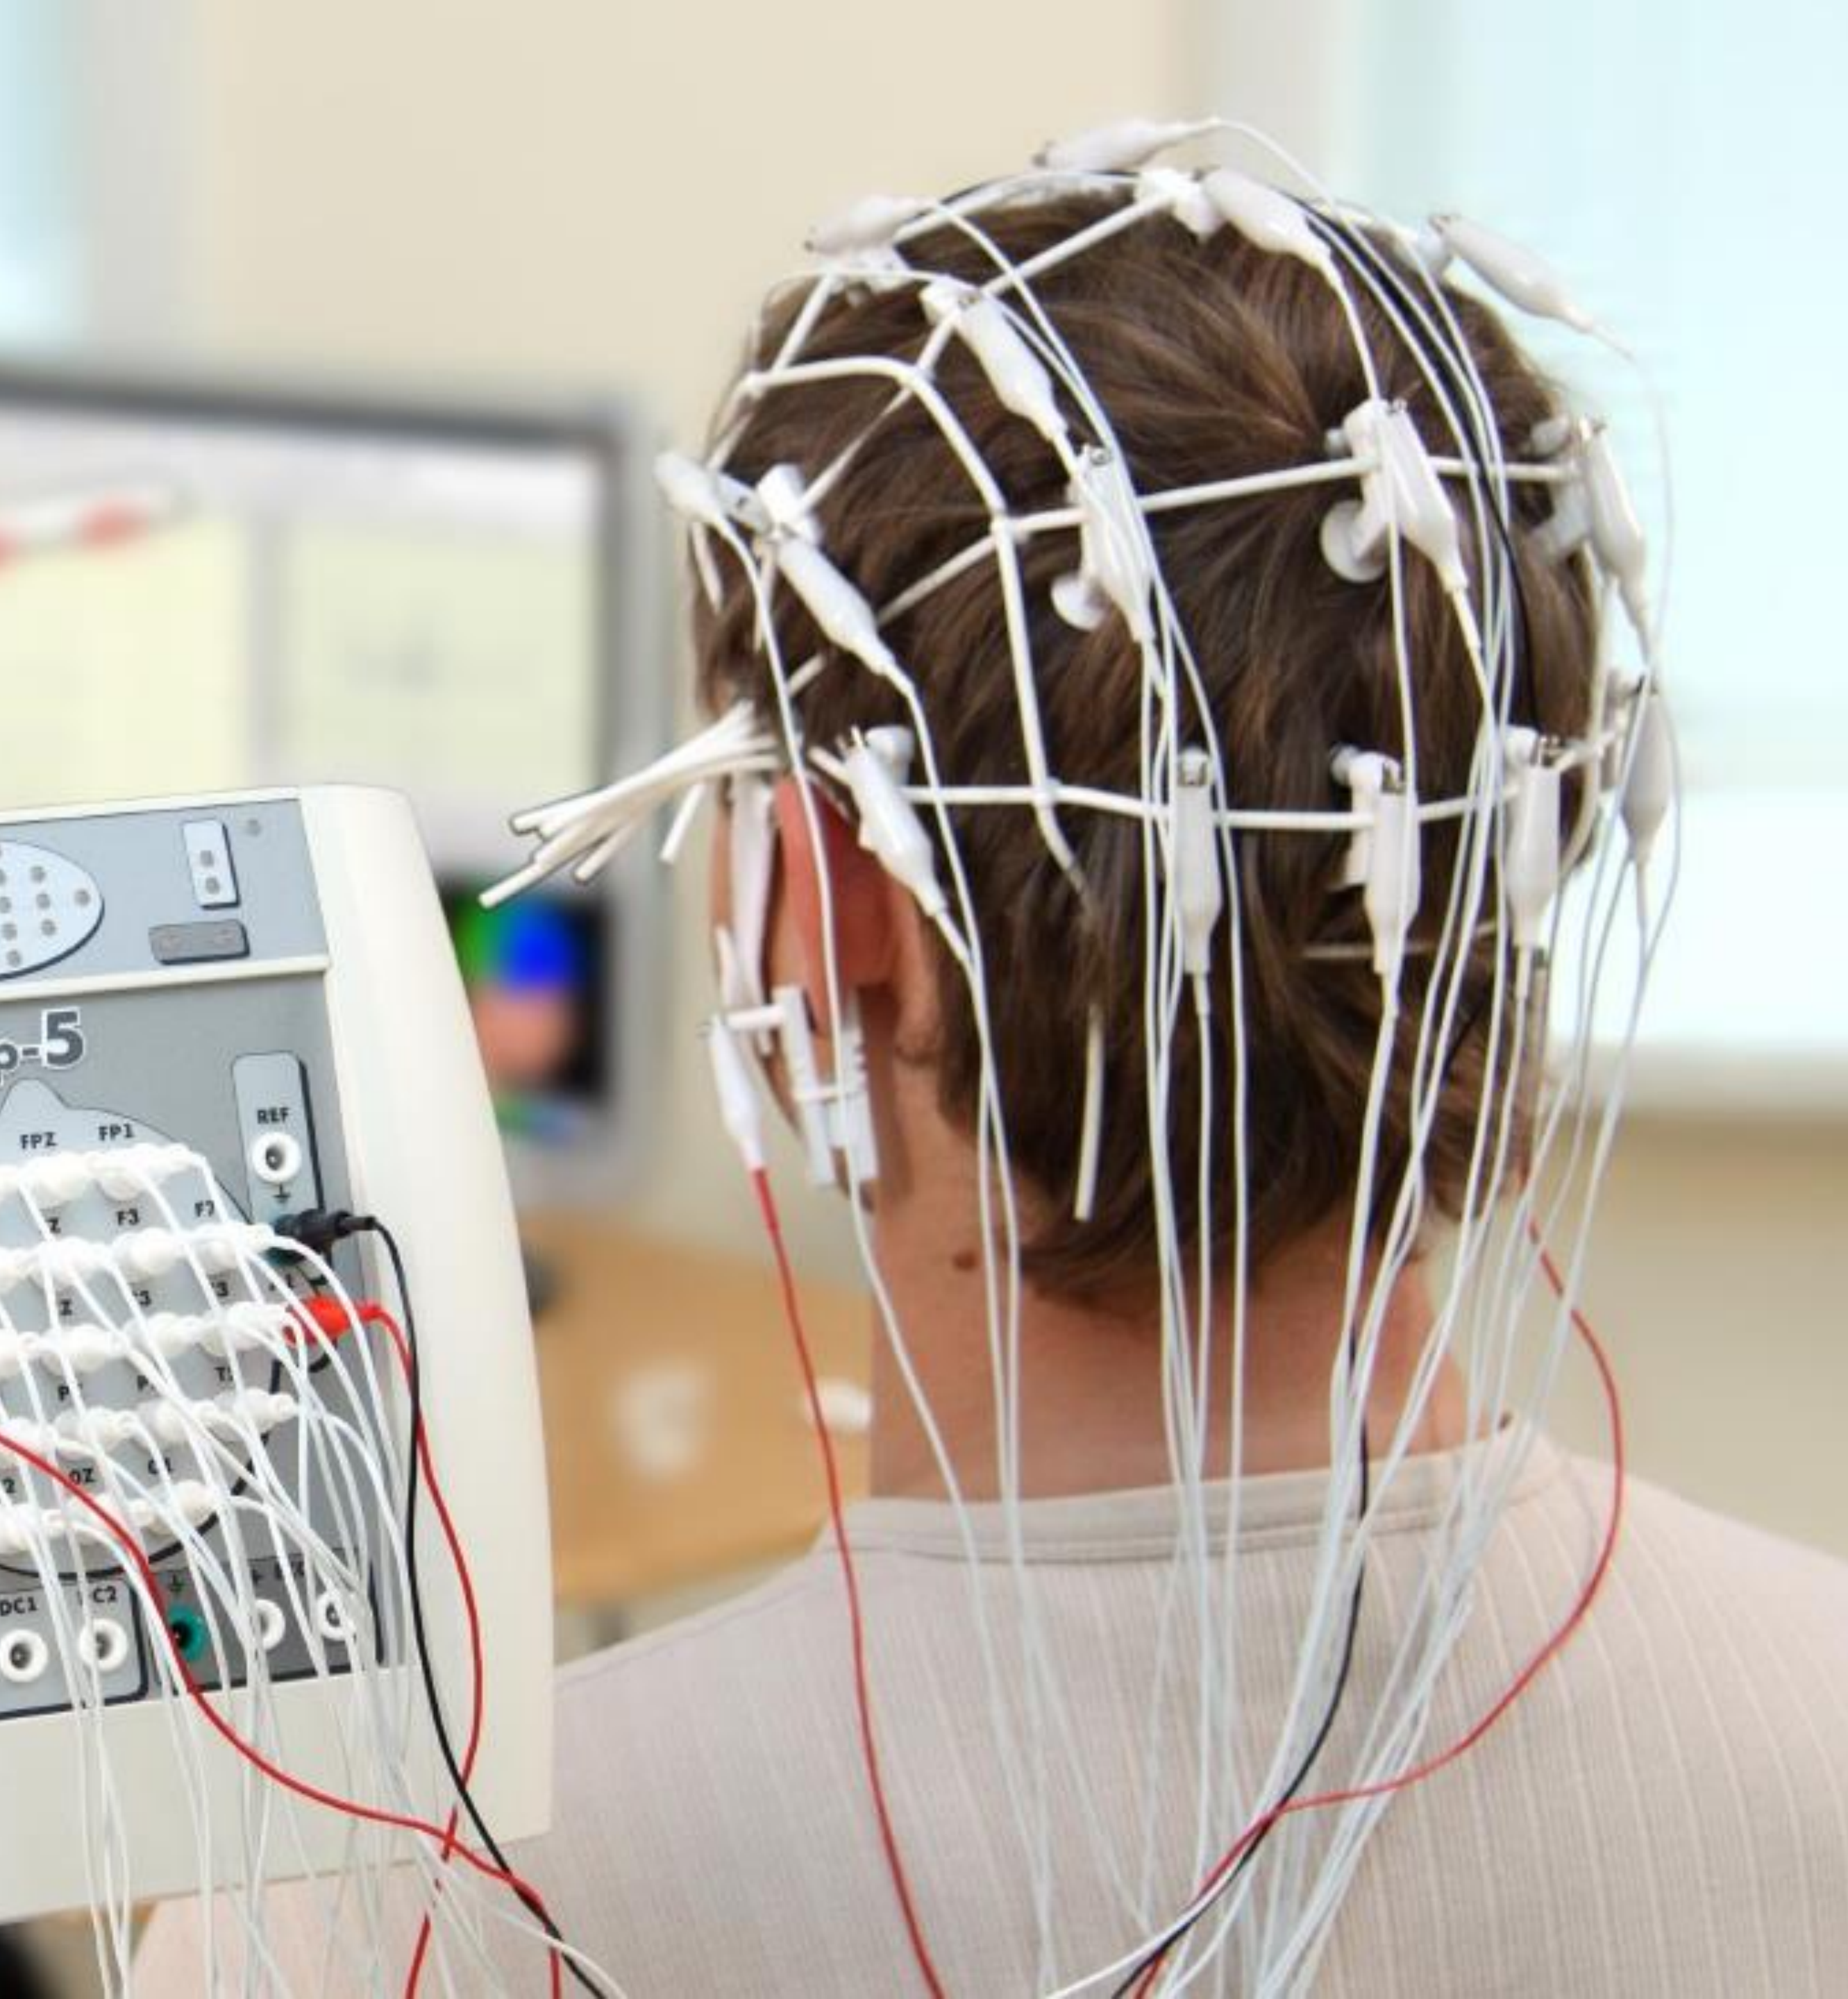

**RUB
500 mln**

RECOUPMENT

1 year

FLOOR SPACE REQUIRED

10 m²

PRELIMINARY RESEARCH

- 01 Rehabilitation
- 02 Immunity boost
- 03 Adrenocorticotrophic hormone levels decrease
- 04 Blood pressure levels normalization
- 05 Endorphins
- 06 Relaxation
- 07 Pain relief
- 08 Sleep normalization
- 09 Work performance boost

INTERNATIONAL TEAM

NAIL GAREEV

The leader of the project

Psychologist, RSUH,
MSUPE. President of
professional association
“RusFloat”

YURI BUBEJEV

Professor, Honored Doctor,
Institute of Medical and
Biological Problems of
